

FONPLATA

Development Bank

Bringing development closer to the people

About US

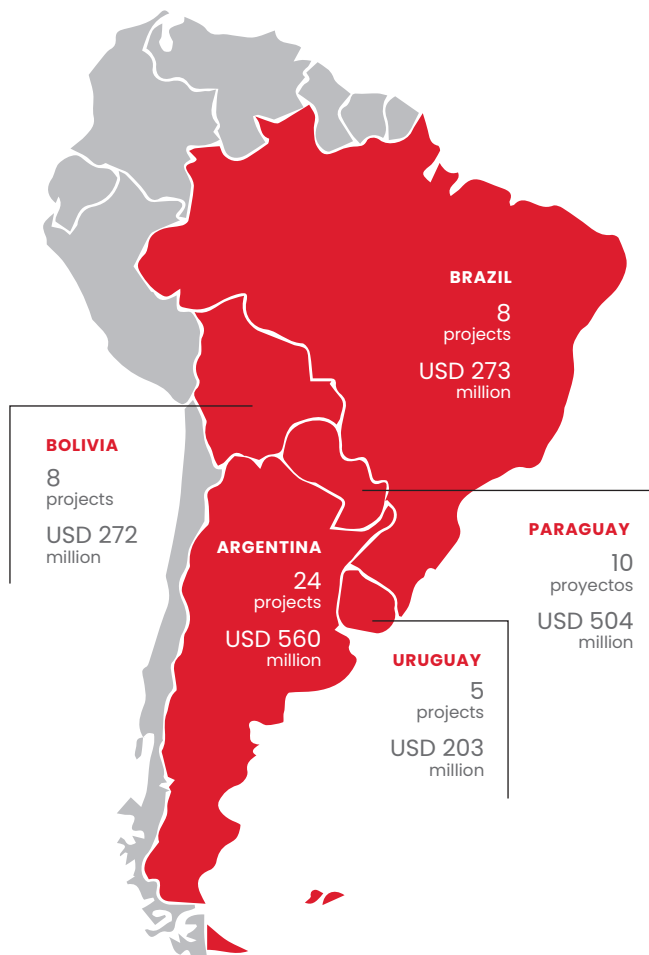

At FONPLATA – Development Bank we work towards the integration of Argentina, Bolivia, Brazil, Paraguay, and Uruguay in order to achieve harmonious, inclusive and sustainable development.

Our goal is to favor a better integration of our member countries in Latin America and the global market by funding studies, projects, programs, and technical advice and support.

FONPLATA: bringing development closer to the people.

Approved projects (2015 - 2019)

Our results

- USD 1.8 billion in loans approved in the last five years to support the development of Argentina, Bolivia, Brazil, Paraguay, and Uruguay.
- 90% of the programs take place in small- and medium-sized cities, land borders or rural areas.
- 58% of the projects benefit more than one member country.
- Strategic alliances with the most important Latin-American and International development banks, such as IDB, CAF, EIB, NBD, and ECLAC.
- Excellent international credit rating since 2016, which enables the Bank to grant funding under very favorable conditions.
